ENVIRONMENTAL POLICY STATEMENT

A&L McCrae Ltd (the 'Organisation') and its subsidiaries recognises the importance of environmental protection and is committed to operating its business responsibly and in compliance with all legal requirements relating to the provision of plant and fencing contracting, civil engineering and related services. It is the Organisation's declared policy to operate with and to maintain good relations with all regulatory bodies.

It is the Organisation's objective to carry out all measures reasonably practicable to meet, exceed or develop all necessary or desirable requirements and to continually improve environmental performance. In order to achieve this, we will:

- a) Integrate the consideration of environmental concerns and impacts into all of our decision making and activities
- b) Promote environmental awareness among our employees and encourage them to work in an environmentally responsible manner
- c) Train, educate and inform our employees about environmental issues that may affect their work
- d) Operate a robust system for regular cleaning and maintenance of all machinery and plant
- e) Carry out pre-start checks of all machinery and plant to ensure no defects or problems are present which may have an adverse environmental impact
- f) Ensure full training of all employees in dealing with spills and provide all plant and machinery with appropriate spill kits
- g) Reduce waste through re-use and recycling and by purchasing recycled, recyclable or re-furnished products and materials where these alternative are available, economical and suitable
- h) Promote efficient use of materials and resources throughout our facility including water, electricity, raw materials and other resources, particularly those that are non-renewable
- i) Avoid unnecessary use of hazardous materials and products, seek substitutions when feasible, and take all reasonable steps to protect human health and the environment when such materials must be used, stored and disposed of
- j) Purchase and use environmentally responsible products accordingly
- k) Where required by legislation or where significant health, safety or environmental hazards exist, develop and maintain appropriate emergency and spill response programmes
- l) Communicate our environmental commitment to clients, customers, and the public and encourage them to support it
- m) Strive to continually improve our environmental performance and minimise the social impact and damage of activities by periodically reviewing our environmental policy in light of our current and planned future activities

This Policy is communicated to all employees, suppliers and sub-contractors and is made available to the public.
